Phoenix, Arizona*

Why partner with La Canasta Tortillas?

Reason #1

TORTILLAS, a staple in almost every household! Why not use a practical product for your Fundraiser.

Reason #2

Our products are made fresh from the finest ingredients. Made to order and delivered directly to your school. We are local & can accommodate your Fundraising needs.

Reason #3

La Canasta Tortillas provide a reasonable profit margin potential of up to 50% with no out of pocket costs to you. We provide all brochures & order sheets.

Reason #4

All items are sold by the case to offer the lowest prices to your customers.

La Canasta Tortillas History

La Canasta was founded by Richard and Carmen Abril in 1962. The business started in Phoenix, Arizona by supplying the Hispanic community with Fresh Hand Made Flour and Corn Tortillas. Word of mouth spread the news about La Canasta having the Best Tasting Homemade tortillas in town! Eventually Mexican Food restaurant owners began coming to pick up tortillas for their businesses. The demand grew so much that we decided to add a delivery service to the restaurant establishments. As the Food service industry grew in Arizona, so did La Canasta tortilla production.

Today, La Canasta is Certified Minority & Woman owned by the second generation family members. We have over 160 employees operating our production facility around the clock producing over 1 million tortillas daily for local and national accounts. Our production facility is located in Phoenix, Arizona and is one of the most modern in the tortilla industry.

We are excited to be a part of this community effort to raise funds using practical, everyday products to benefit the Valley's youth. We are ready, willing and able to begin working with you on your fundraising opportunity. Simply contact us for case pricing. Our price structure provides you with the opportunity to make a reasonable profit margin of up to 50% on all products you sell. Enjoy our products and thank you for choosing La Canasta Tortillas!
